### **A.O.B**

Peter Tennant asked if the branch could look into having a stand at the Ideal homes exhibition at Cardiff to promote professional wallers Brian Lock stated that the branch was already stretched doing the shows & training it has but it will be looked into.

Peter Tennant told the meeting that a number of years ago the branch invited all the local councils in our area to a meeting in which they were informed of all the different type of projects that professional members of the south Wales branch could carry out. This resulted in lots of work in some areas it was decided to send a letter and a copy of the professional register to the countryside departments of all councils in our area. However this year I have personally spent over £30 on postage for the branch I will not meet the postage on this issue to benefit fulltime wallers so whatever the postage will be it will be met by the branch

A certification week has been planed for 1-5 October 2012 for level 1, level 2, and maybe level 3, to be held at Llangynidr with funding for instructors from the walls of Llangynidr a discussion took place that maybe it was to much to do the three levels as it will be hard to find a site suitable for all levels Brian Lock will meet with William Gibbs during the next month and a decision will be made at the next committee meeting in March

**MEETING ENDED 8.45PM NEXT AGM 7<sup>TH</sup> NOVEMBER 2012**
